

DIPLOMA IN INTERNATIONAL FINANCIAL REPORTING **(DiplFR)**

- **Classroom or**
- **Online or**
- **Blended.**

All classes will be delivered live from our campus on Lad Lane, Dublin 2. The classes will be streamed live around the country/world and will also be recorded for later study. This means you can start the course at a time that suits you and study at your own pace.

AIMS

To offer a credible and globally recognized qualification on IFRS, the Association of Chartered Certified Accountants (ACCA) has launched “Diploma in International Financial Reporting (DipIFR)”. ACCA has accredited AccountancySchool.ie as a Platinum learning provider for this program.

The ACCA DipIFR is designed to develop an individual’s knowledge of IFRS – providing an understanding of the concepts and principles which underpin them, and their application in the international marketplace, thereby preparing him/ her for working in the IFRS environment.

SUITABLE FOR

To provide qualified accountants or graduates, possessing relevant country specific qualifications or work experience with an up to date and relevant conversion course, providing a practical and detailed knowledge of the key international financial reporting standards (IFRSs) and how they are interpreted and applied.

OBJECTIVES

On completion of this syllabus, candidates should be able to:

- Understand and explain the structure of the international professional and conceptual framework of financial reporting.
- Apply relevant international financial reporting standards to key elements of financial statements
- Identify and apply disclosure requirements for entities relating to the presentation of financial statements and notes
- Prepare group financial statements (excluding group cash flow statements) including subsidiaries, associates and joint arrangements.

Entry requirements: (<http://www.accaglobal.com/ie/en/qualifications/glance/dipifr/who.html>)

The entry criteria are:

- A nationally recognised accounting qualification (ACCA, CIMA, CPA, ACA)
OR
- ACCA affiliate status.
OR
- A relevant degree (which would gain exemptions from F1, F2, F3 and F4 of the ACCA Professional Scheme) plus 2 years work experience in an accounting environment evidenced by an employers letter or
OR
- 3 years work experience in an accounting environment evidenced by an employers letter

Assessment:

The Diploma is assessed by one closed book exam which lasts for three hours 15 minutes and contains a combination of computational and discursive questions.

Programme Outline

Session 1

Friday 20th April
9.30am to 4.30pm

Session 7 **Revision**
Sunday 18th November
9.30am to 4.30pm

Subject to change – AccountancySchool.ie reserves the right to amend any details on the Programme outline.

Date: (Start) Friday 20th April – All classes are recorded so you can start at a time that suits you.

Duration: **9.30am to 4.30pm** **Cost:** €1,500 per delegate –

*Discounts available for group bookings

Exam in December 2018

Venue: AccountancySchool.ie, 5 Lad Lane, Dublin 2 and **Online**

EXAM FEES (PAYABLE TO ACCA)

The fee is £185. This allows one exam attempt.

When you log in to your myACCA and choose 'exam entry', you will then select the country you want to sit your exam in. This will provide you with a list of available exam centres within that country, for that particular exam session.

These fees are subject to change without written notice.

Presenters

Liam Doran MBS (Finance), FCCA

Liam is a lecturer at AccountancySchool.ie and specialises in the areas of financial accounting and financial management. Prior to becoming a full time lecturer he worked for the Irish subsidiary of a Canadian multinational with specific responsibility for corporate finance activity. He has had a lot of exposure to merger and acquisition activity having been involved in the acquisition of a number of businesses in Germany, France and the UK. As such, Liam has a lot of experience in preparing forecasts of future cashflows, estimating risk adjusted discount rates, dealing with sensitivity testing and using appropriate models to estimate value creation from different investment opportunities.

Michael Donnelly FCCA

Michael Donnelly has been lecturing accountancy students since 1998 on ACCA and other accounting course, he has lectured on ACCA DipIFR courses since 2005. Michael has also lectured for state bodies and other training firms.

He has acted in positions of financial controller and director in retail, construction and property development companies since 1996. Michael brings a practical hands on approach to the classroom.

CONTINUING PROFESSIONAL DEVELOPMENT (CPD)

One hour of learning is equivalent to one unit of CPD. Learning is verifiable if it is relevant to your career, you can demonstrate how you have applied the learning and you can prove that the learning took place (copies of course materials, notes from learning, contact details of a third party who can substantiate completion of the activity, certificate showing the course/assessment was completed etc).

Also, if you are achieving your CPD via the unit route, studying this diploma may fully meet your 40 unit CPD requirement (for ACCA members) for one year; in this case **you can also carry forward up to 21 verifiable units to the following CPD year.**

For more information on ACCA's CPD programme visit the 'managing your CPD' link in the related links list on the left-hand side of the page.

CIMA members, ACA members and CPA members should ensure that the course is relevant to your CPD before commencing the course. It is our belief that it is relevant but it is your responsibility to confirm this.

APPROACH TO EXAMINING THE SYLLABUS

The examination is a three-hour fifteen minute paper. ACCA has removed the restriction relating to the 15 minutes reading and planning time, so that while the time considered necessary to complete this exam remains at 3 hours, candidates may use the additional 15 minutes as they choose. ACCA encourages students to take time to read questions carefully and to plan answers but once the exam time has started, there are no additional restrictions as to when candidates may start writing in their answer books.

Time should be taken to ensure that all the information and exam requirements are properly read and understood.

Most questions will contain a mix of computational and discursive elements. Some questions will adopt a scenario/case study approach. All questions are compulsory.

The first question will attract 40 marks. It will involve preparation of one or more of the consolidated financial statements that are examinable within the syllabus. This question will include several issues that will need to be addressed prior to performing the consolidation procedures. Generally these issues will relate to the financial statements of the parent prior to their consolidation

The other three questions will attract 20 marks each. These will often be related to a scenario in which questions arise regarding the appropriate accounting treatment and or disclosure of a range of issues. In such questions candidates may be expected to comment on management's chosen accounting treatment and determine a more appropriate one, based on circumstances described in the question. Often one of the questions will focus more specifically on the requirements of one specific IFRS.

Some IFRSs are very detailed and complex. In the DiplIFR exam candidates need to be aware of the principles and key elements of these Standards. Candidates will also be expected to have an appreciation of the background and need for international financial reporting standards and issues related to harmonisation of accounting in a global context.

The overall pass mark for the Diploma in International Financial Reporting is 50%.

EXAMINATION STRUCTURE

No. of marks

1 consolidation question 40 marks

3 scenario questions 60 marks

(20 marks each)

100 marks
